NUMBER 16

IT WAS A TIE.

THE GREAT INTER COLLEGIATE FOOTBALL GAME

Played Yesterday in the Rain and
Mud Before Thousands of
Spectators.

The great inter-collegiate football
match between the State University
and the Stanford eleven is now a
thing of the past, having resulted in a
tie, the score being six to six.

The game was witnessed by about
15,000 people, all of whom either sat
or stood in the rain for three or four
hours.

The first team to enter the grounds
was the U. C. boys with a bear for a
mascot, and the yells that greeted
them were deafening, and the mass of
blue and gold that was waved in the
air would lead one to believe that the
crimson was not in it. This was a
mistake for a few minutes later when
the Stanford eleven made their ap-
pearance the noise was as great as be-
fore and a wave of crimson over-
shadowed the blue and gold.

It was nearly 3 o'clock when the
teams lined up for the great game, and
everyone as they looked upon the com-
parative equality of both teams knew
that there was going to be a fight to
the finish, and that they would witness
one of the greatest games ever seen
upon the gridiron in California.

The Stanfords played an excellent
game and had it not been for Ransome
and Sherman of the Berkeley team
they would have been victorious. The
Berkeley team played well, however,
for new men, and they have much to
congratulate themselves upon by hav-
ing the game a tie. As it was, how-
ever, Ransome came very near winning
the game, and would have done so,
had he had any of the Berkeley team
on hand to interfere and tackle for him
when he made his long run for the
Stanford goal. He came very near
doing it and would had not one of
Stanford's players, whom Ransome did
not appear to see, grabbed him by the
legs and tripped him down. There
should have been a Berkeley man there
at the time, but there was not.

The rain and mud had no doubt
much to do with the playing of some
of the members of both teams. Of
course the old players were used to
playing in mud and rain, but the new
ones were very cautious, and conse-
quently slow. The two coaches,
Camp and Butterworth declare that it
was one of the finest games that they
have ever seen played and they have
nothing but praise for every man who
played in either team. We should
have liked to have seen Berkeley win,
but are satisfied with a tie as both
teams are satisfied and everybody en-
joyed a fine game and did not have to
listen to the crowing of the other side.
Things in the football line will now
settle down until next year, when
greater efforts than ever will be made
to decide which college is the cham-
pion.

Petroleum for Fuel.

Crude petroleum is fast making its
way into the fuel market. The large
manufacturers are about to commence
its use in San Francisco. It was used
successfully in that city for awhile
nearly thirty years ago. The reason
for going back to coal was because the
petroleum supply was out and could
not be obtained. At that time the
crude article at twelve cents per gal-
lon was cheaper than Mt. Diablo
screenings to say nothing of the clean-
liness and saving of labor.

Racing Horses.

A horse race took place yesterday
in Berkeley which was hotly contested.
The parties engaged in it were John
Gazanego, with his horse Highflyer,
and H. Widrom's horse Guy Wilkes
ad. The wager was \$200 on the side
(outside), and an eighteen pound tur-
key which Gazanego had raised for
Thanksgiving. It was an important
day for Gazanego, as he lost the race
and the turkey and had to eat some-
thing else on that day of feasting.

A Break-Down.

The breaking of a shaft at the
power house on Grove street caused
the stoppage of the electric cars on the
Oakland Consolidated Electric Rail-
road yesterday. The accident occurred
about 9 o'clock on Wednesday even-
ing, and will take two or three days to
repair. Today a few cars are running,
from power supplied by the Alameda
Company. Berkeley people did not
appreciate the value of the road until
the cars stopped running.

In Holiday Attire.

Mr. C. Demetrik in speaking of the ap-
proaching holidays says, "Holidays are com-
ing and we are preparing for them. Our
store during the holidays will be the cream
of all. We are going to sell you good goods
and cheap. We not only talk but we mean
business."

In our grocery store we have received a
new stock of fresh goods; canned goods, ex-
tracts and spices. Our teas and coffee can-
not be beat either for quality or prices, any-
where. Our hams and bacon are as sweet
as sugar and cheaper than elsewhere. Now
in butter and eggs we will have a large
supply. Our butter has been selected
from the best creameries and our eggs are
being daily received from Berkeley and San
Pablo. Furthermore we guarantee them. Our
raisins are the best grown at Fresno.
We have all kinds of this year's growth that
are equalled by none. We have enough to
supply everybody in Berkeley. The sales
upon fruit and produce have proved that we
are the largest dealers in the town. Our
stock is of the largest kind kept in accord-
ance with the season. We have received a
lot of lemons, limes and oranges of very
good quality for this time of year, also apples,
pears, grapes, and bananas. Berries are
somewhat short now but anybody who de-
sires them will be supplied if they give orders
in advance.

Our vegetable department will be selected
with the greatest care and always fresh. Our
lettuce and celery are crisp and delicate,
also beans, peas, lima bean sprouts are fine
and plenty of them.

There is now on hand 800 sacks of the
best potatoes raised in the State of Washing-
ton, which we will sell to you for one dollar
per sack and satisfaction warranted. A
little garlic, good for the breath after eating
turkey can be had with the other things.

In aquinas we have four tons of the finest
for pies and enough to supply the whole
town. Our fish market will not be so well
supplied but parties desiring can have any-
thing they want by giving their orders be-
fore wanting. Fresh oysters, crabs and
shrimps will hereafter always be on hand.
We keep candies in small quantities but
good, fresh and cheap. Cigars and tobacco
of all kinds in quantities to suit.

LOOK OUT 650 TURKEYS. We
have a contract for the holidays, either alive
or dressed, both gobblers and hens of extra
good quality will be sold at going rates.
You don't have to go out of town for them.
Give your orders early so we can select the
best for you.

CRANBERRIES, CRANBERRIES.
Plenty in our place, also chickens and game.
After all don't forget we have the finest dried
ever made on the Pacific Coast. We have
sold during the past month about 400 gallons
at retail. That is not so very much but a
good deal for the town. Those who bought
on buy again and again. Our stores are
at the corner of University and Shattuck
Avenues.
C. DEMETRIK,
Successor to the D & D Company.

On the night of the 26th of August
last four men were taken from the
County Jail at Yreka and were lynched.
In reference to two of them there was
no doubt of their guilt. The other two,
a Mexican and a white boy, had been
arrested on suspicion for killing
an old man and his barkeeper. They
had not even had a preliminary exam-
ination at the time they were hung.
Now comes a man from Arizona, who
signs himself John Doe, who confesses
that he killed the two men in self
defense, and that the Mexican and boy
had nothing to do with the crime, and
the people of that county are now of
the same opinion. This should be a
warning to hot-headed people not to
allow their feelings to get the best of
them. The only thing against these
men that were hung was that they
were tramps and strangers, and that
one of them had a bruised finger while
the other had blood on his coat.

Felix Dumet, a native of France, was
found dead in his bed yesterday morn-
ing at 3029 Shattuck avenue, Berkeley.
He retired Wednesday evening appar-
ently in good health. He was 52
years of age and leaves a wife and
daughter. Death was due, probably,
to heart failure. The Coroner was
notified and will hold an autopsy to-
day.

Two-year-old Erma Harpersburger
died yesterday at her home, Russell
and Filton streets, Berkeley, from the
burns she received some days ago. She
was scalded by hot water which was
used by mistake in bathing the child.
The Coroner was notified and an in-
quest will be held.

Governor James H. Budd was a
spectator at the football game yester-
day and took a lively interest in it.

CORNER STONE LAID.

INTERESTING EXERCISES AT THE PRESBYTERIAN CHURCH.

The Grove Street Electric Road
Broke Down—The Employees
Presented with a Turkey.

Turkey and a Day Off.

The cars of the Oakland Consoli-
dated Company, or Grove street line,
did not run yesterday, the reason be-
ing that some important parts of the
machinery gave way from constant
use late on the previous evening.

In the past when any of the Oakland
electric roads broke down the other
roads have always come to their assist-
ance, and helped along by loaning
power. This time, however, power
was scarce, as the Alameda road was
suffering from a burned-out boiler, and
the other roads lacked on power.

When the Oakland Consolidated
men appeared for work yesterday they
were each given a turkey and told to
go home, cook their birds and enjoy a
day off.

The superintendent said yesterday
that it would take three days to repair
the break, but that cars would run to-
day on a half service, the power to be
furnished by the Alameda road and the
Piedmont Consolidated.

Laying the Corner Stone.

The usual Thanksgiving services
were held yesterday in St. Mark's
Episcopal Church and were well at-
tended. In the other churches the
services were omitted, the ceremonies
of laying the corner stone of the Pres-
byterian Church, in which the pastors
of the Evangelical denominations par-
ticipated, taking their place. There
was a large gathering to witness the
work. The stone was a block of Ari-
zona sandstone weighing 1200 pounds,
on which was carved the inscription,
"First Presbyterian Church, 1895." In
it was placed a tin box containing the
following:

A copy of act of incorporation;
church manuals of 1885 and 1895;
Berkeley Presbyterian of November,
1895; copy of the Occident; catalogue
of Sunday-school library; copy of the
trust committed to the sessions of the
church for the Sunday school library;
copy of the constitution of the Men's
League; copy of the constitution of the
Young People's Society of Christian
Endeavor; silver coins—dollar, half-
dollar, quarter-dollar and 10-cent
piece; 5-cent nickel of 1895; name of
architect, Samuel Newsome; name of
builder, A. de Leary; copy of Berkeley
Herald containing a brief history of the
First Presbyterian Church of Berkeley,
Cal. After the laying of the stone ad-
dresses were made in the church.

President Martin Kellogg of the
State University briefly outlined the
elements of church organization and
its legitimate work. Professor Le
Conte gave a history of the early days
of the University and the beginning of
church work in Berkeley, stating that
he had helped organize and sustain in
succession the Congregational, Episco-
pal, Presbyterian and Unitarian
churches because all of them were
working for the uplifting of humanity.
"There are," he said, "three avenues
to our knowledge of God—science,
including philosophy, art and religion.
Science gives us a conception of God
through our reason, art pictures him in
our imagination and religion—the
most useful and practical—endeavors
to exemplify him in human conduct.
These three as they approach more
and more nearly the ideal—the per-
fect—converge more and more closely
till finally they form a perfect union in
God."

Other addresses were made by
Campbell Coyle of the San Francisco
Theological Seminary, who thought
Berkeley ought to have as wide a repu-
tation for its religious training as it
has for its educational, and by Rev.
Thomas Fraser, one of the first pas-
tors of the church, who rejoiced at the
breaking down of denominational bar-
riers and the union of all churches in
the work of uplifting humanity.

It Is Said

That the telegraph news of the
GAZETTE attracts attention as it is news
half a day in advance of the time of
getting it heretofore.

That the time is here when fresh
seeds and cuttings should be put in
the garden for next year's growth.

That the planting of trees on the
sidewalks can be attended now and a
success made of it.

That Congressmen Hilborn, Bowers
and Loud are very likely to get chair-
manships of important committees.

That the Olympic football team of
San Francisco was not in it yesterday
with the Montana giants.

That you will miss a fine lecture if
you do not hear Ada Van Pelt at Shat-
tuck Hall this evening.

That Professor Le Conte has helped
to found nearly every church in Berke-
ley, thereby showing how broad minded
he is.

That the taking of the electric light
from the pole at the east line of Vine
street took the light away from Scenic
Park and does but very little good in
its present position.

That all arc lights should have re-
flectors over the top of them, so that
at least fifty per cent more benefit
could be derived from them.

That when the rains come in full
force and damage done to the streets
should be immediately reported to the
Superintendent of Streets. It will
save time.

An inquest was held this morning
by Coroner Baldwin on the body of
Emma Harpersberger, and the jury
brought in a verdict of death caused
by accident.

A SUNDAY SCHOOL

SOCIAL GIVEN BY THE WEST END M. E. CHURCH.

Something About Good Streets and
Roads—What a Subscriber Says
About Saloon Licenses.

Sunday School Social.

On Wednesday evening last the
Sunday school of the West Berkeley
First Methodist Church gave a social
entertainment in the church and it
proved to be a very pleasant affair.
The attendance was good and every-
one enjoyed it. The purpose of the
entertainment was to raise funds for a
Christmas festival. As much was
received as could be expected and this
was quite satisfactory to those who
promoted it.

Good Streets and Roads.

The universal cry nowadays is for
good streets and roadways. During
the past year Berkeley has done more
to improve her streets than had been
done for a number of years previously.
There is a great deal to do yet, as the
town is growing faster than most of
its residents have any idea of.

Buildings are being erected in all
parts of the town, more so in East and
North Berkeley than elsewhere. As
more inhabitants come the more is
good ways of travel needed. It is well
known that there is a great deal of ter-
ritory in this University town to be
filled up with buildings, and every
time a new one is erected it means
street improvements in front of it.
This soon gets to demand a whole
block to be improved, and thus by de-
grees the whole town gets into good
condition as far as the traveling public
is concerned.

There is, however, a great deal of
property yet unimproved and its own-
ers delay doing the work which not
only improves that special ground but
also adds to the appearance of the
place.

There should be work done on many
of the streets, such as putting in sewers,
grading, macadamizing and good side-
walks. Looking after this business
belongs to the Superintendent of
Streets. During the rainy season there
will be a great deal of work for him to
do in the way of repairing streets, fix-
ing sewers and the like. At the same
time there could be such work as cut-
ting down trees, bushes, etc. and clean-
ing out the gutters done, and then it
would look more tidy.

Carrying off the water during the
very heavy rains is going to be a job
that will keep somebody at their wit's
end for sometime to come and need
strict and constant attention. Work
should be done in a manner that the
first time will answer the purpose.
Berkeley has already suffered too much
from hurrying to do such a quantity of
its street work over several times, and
the expense has been large to the
property owners, and they are beginning
to find fault with it.

From a Lorin Subscriber.

EDITOR GAZETTE: Will you kindly
allow a Lorin subscriber a little space
in your columns, to say something in
reference to Mr. Munson and his place
of business, which I believe to be of
the best interests of society.

I have some acquaintance with Mr.
Munson, who keeps a saloon at this
place and who is having some diffi-
culty in obtaining a license on account
of a high moral petition having been
signed and sent to our Board of Trus-
tees, which is adverse to his business.
I have often visited Mr. Munson's
place of business and always found it
most orderly. Mr. Munson keeps a
saloon exclusively and if he keeps a
disorderly place or should sell liquor
to minors it is a very easy matter for
those interested to file a complaint
against him.

It has been decided in several east-
ern cities that exclusive saloons are far
preferable to the (wet grocery) system,
when careless parents send their child-
ren, and where rough men meet and
use profane language when under the
influence of the exhilarating cup.

Mr. Munson is willing to pay his
license, and unless he has been duly
charged with some crime against the
law or custom, we believe he is unduly
persecuted for other than moral
reasons. I am in favor of giving one
law abiding citizen as good a chance
as another, and of punishing the law
breakers to the full extent of the law.
When this is accomplished the officers
of the law will find less to do and all
fairminded and good people will be
satisfied. Yours most sincerely,

SUBSCRIBER.

never been hoisted.

Mrs. Adelaide Maury, widow of Jef-
ferson Maury of Berkeley, deceased,
has presented his will for probate. He
left a number of lots in San Diego
county valued at about \$6000.

Mrs. Ada Van Pelt will deliver her
famous war time address at Shattuck

special merit and every school child
should hear it.

Francis Ferrier of Berkeley, doing
business as the Pacific Publishing

the unincumbered assets are about

The Coroner's jury in the case of
Felix Dumet, who was found dead at
his residence in Berkeley, returned a
verdict this morning that the deceased
came to his death by a rupture of the
aneurism of the aorta.

The people of Alameda concluded
sometime ago to change the electric
lights from the towers to poles less in
height. Experience has taught them
that the present system is not so good
as the original. In consequence the
lights will be placed on the high
towers again.

George Schmidt, who has been
mending the fences and performing
other kinds of work pertaining to a
large farm, for the past two weeks, is
at his office again looking as fine as
anybody can look after eating a good
Thanksgiving dinner.

A union meeting of the different
churches was held yesterday morning
in the First Presbyterian church at
West Berkeley. There was a good
attendance. Rev. Mr. Hunter preached
the sermon and was attentively listened
to.

BRADLEY, the man who was arrested
on a charge of train robbing and the
murder of Sheriff Bogard, had his trial
long since that of Theodore Durrant,
yet he has been tried, convicted and is
now wearing the convicts garb in Fol-
som. On the other hand it took three
months to convict Durrant, and al-
though a month has passed he has not
yet been sentenced. It seems very
strange that justice is so slow in San
Francisco. There is no reason why
the attorney for Durrant should be
given so much time to prepare affi-
davits for a motion for a new trial at
such a great cost to the people, and
especially when the affidavit is filled
with such rot as was read yesterday.

It is hoped that Judge Murphy will
promptly overrule the motion and
pronounce sentence upon the fiend,
and have him taken to his death cell
at San Quentin, there to await a de-
cision from the Supreme Court, if an
appeal is taken.

ANOTHER WEEK

WILL HAVE PASSED BEFORE JUDGE MURPHY

Will Have a Chance to Pass on
General Dickinson's Motion
for a New Trial.

Special dispatches to the GAZETTE.

The Durrant Case.

San Francisco, Nov. 29.—In the
Durrant case today General Dickinson
called the attention of the Court to one
juror who had been accepted after a
certain exception had been taken in
his case which Judge Murphy had re-
fused to consider at that time, prefer-
ing to consider it later and had never
done so, and which had been very
detrimental to his client. The reading
of the affidavit continues in a slow and
monotonous manner and it now looks
as though it would take three days
more to finish it. District Attorney
Barnes will present a counter affidavit
but he does not expect to occupy more
than two days in presenting it to the
Court.

After Murderers.

Stockton, Nov. 29.—Up to the hour
of noon today, nothing has been heard
of Sheriff Cunningham and his posse
who are out looking for three men who
killed Deputy Sheriff Buzzell last
night. No one knows who they are.
After killing the deputy sheriff they
struck out leaving their camping out-
fit and several horses behind. The
sheriff does not know whether they
rode off or went on foot. He is fol-
lowing their trail with bloodhounds.

The Sultan Refuses.

Constantinople, Nov. 29.—The Sul-
tan, under the influence of the Calaze
party, still declines to grant the firmans
applied for by Great Britain, Austria,
Russia and Italy to allow additional
gun ships to go through the Straits
of Dardanelles. The extraordinary
promise of Tewfik Risha, Minister of
Foreign Affairs, personally assured Sir
Phillip Currie that the Porte had
agreed to allow the firmans. While
the Minister is in favor of granting the
firmans, the Calaze party, which is
composed of priests, chamberlains and
others, seems to be the advisers of the
Sultan, and tell him that if he
grants the firmans it would lower his
dignity. He is in a state of great agi-
tation at learning that an extra British
gunboat is heading for the Dardanelles.

E. M. Wulff, graduate of the class of
'94 came down from Sacramento yester-
day to witness the great football
game, and of course he was profusely
covered with blue and gold ribbons.

Mr. John Newell, who was so seri-
ously injured several days ago by the
falling of a load of lumber upon him,
is improving and getting along as well
as could be expected.

Congressmen continue to go after
the scalp of Mint Superintendent John
M. Daggett. As he is in no way in-
debted to the San Francisco democracy
for his position it is not very likely
that they can do much towards getting
him out. They will have to prove him
directly in his duty to make any im-
pression on the present administration.

A. W. Ransome is one of the most
popular men in the University today
and his extraordinary playing of yester-
day is being told and retold on the
campus to those who were not fortune-
nate enough to be present at the game.

That turkeys went down yesterday
and prices went with them.

That calves foot jelly is good but
the horses' foot jelly visible in the

That if the Telegraph avenue rail-
road would come into the town of

That although the flag on the school
house at Temescal is somewhat fringed
by constant wear, it was at the mast-
head on Thanksgiving Day.

That Berkeley should be connected
with Moraga Valley and the county
north and east of it by a shorter and
better route than at present.

That Borax Smith will come back

month, and something will then be
done to improve the California

THE NATIONAL CONVENTION.

Unless all signs fail San Francisco
will have the next National Republican
Convention. Only twenty-six dele-
gates are needed to vote for San Fran-
cisco, and of this number nineteen
have already pledged themselves, and
a committee composed of the leading
citizens of the State, representing both
parties, have gone East to do their
best to induce six more to vote for
San Francisco.

San Francisco has everything to
offer in the way of inducements for
this convention. Its hotel accommo-
dations are the best in the United
States, its climate is of the finest and
it is intensely Republican. The rail-
roads have made a round-trip rate of
\$50 from Chicago and the Eastern
roads will make large reductions to
that point. Trains now run to San
Francisco from Chicago in less than
seventy-two hours, and the actual time
spent does not count as it will be a
real pleasure trip to one of the greatest
States in the Union. Although Cali-
fornia is far removed from the Na-
tional Capitol, it contributes more to
the support of the government than do
dozens of other States. It is at the
gateway of the Orient and South Sea
Islands, that are supposed to have
such matchless goods and priceless
gems. Its people are the most hospi-
table in the world. Here the different
candidates will have a fair show, as
the distance from Eastern centers will
keep the ward politicians and heelers
away from the convention. California
has no candidate for President, conse-
quently every candidate will have an
equal show. The delegates will not
be hampered with politicians but will
have an opportunity to vote for whom
they please.

Every city and town in the State is
enthusiastic over the bringing of the
convention to San Francisco, and
they will do all in their power to make
it a grand success. The delegates will
receive an ovation and such hospitality
as they have never known.

The matter will be settled on the
roth of next month, and in the mean-
time our citizens should do everything
in their power to have the convention
brought to San Francisco, because it
means a great deal to the whole State.
We have room for a million more
people in this State, and we want them.
The low rate of fare from Chicago will
attract thousands of them to the
coast, a large percentage of whom will
only return east to settle up their
affairs and remove to California.

This State is an empire within itself
and it only needs a visit from an east-
erner to make him want to become a
citizen of this State. Now is the op-
portunity for him to make that visit,
and we want him to make it if pos-
sible. If the convention is held here
that visit will be a possibility and a
fact. Let everyone do their utmost to
bring it here, and the result will be
beyond our greatest expectations.

Among other things that were con-
sumated during C. P. Huntington's
recent visit here was restoring Stephen
T. Gage to his former position in the
railroad company's employ. Mr. Gage
is one of the best men that the com-
pany ever had in its employ, and
through his management of affairs the
company was in better repute than it
has ever been since. Being a thorough
gentleman himself it was easy for him
to obtain the respect and good will of
all with whom he came in contact, and
as they felt that it was Mr. Gage that
they were doing business with there
were no slurs and curses heaped upon
the railroad company, such as is daily
and hourly the case at the present

time, and now that Mr. Gage is about
to resume his old position it will not
be long before the people and the rail-
road company will be on better terms
than for years past. Mr. Gage was a
special friend of the newspapers when
he was in office before, and many of
them will once more renew their ac-
quaintance with the company, when he
gets settled down to his duties once
more. California people are peculiar.
They believe that old and tried men
like Stephen Gage should be retained
by the railroad company, and they re-
sent their displacement by new men
from the East, whose only desire
seems to be that, as they have power,
they will do all they can to humiliate
the people.

The great game of football between
the University eleven and the Stan-
ford boys has been played, and neither
side was victorious as the game was a
tie. In Sherman and Ransome the
Berkeley boys have got phenomenal
players, and had it not been for them
Stanford would have once more added
a victory to their score. As it was
the excellent playing of these two
favorites saved the day. It is well
that the game is ended for every
student of the University has had his
or her studies affected by the game for
the past six weeks. Now they can
get down to study and by hard work
pass creditable examinations. Berke-
ley, Oakland and Alameda were loyal
to the blue and gold, but the sym-
pathies of the San Francisco people
were in a great measure in
favor of the crimson. Why this should
be so we cannot imagine as several
hundred of the students of the Uni-
versity hail from the metropolis, while
the Stanford students to a great extent
come from the East or the interior.
Nevertheless we feel positive that in
the future Berkeley will have an in-
vincible eleven, and that victory will
perch upon Berkeley's banner.

In another column of the GAZETTE
will be found the ordinance declaring
that it is for the best interest of Berke-
ley that an election should be called
for the purpose of voting bonds for
wharf and school purposes. At the
next meeting of the Board of Trustees
this ordinance will be put upon its
final passage. After it has been
passed it will then have to be pub-
lished for two weeks. At the end of
that time the Board of Trustees will
then publish the call for an election.
That call will have to be published for
thirty days and then the election will
be held. Now is the time for the
good folks to be put in getting peo-
ple to vote for the bonds. Don't wait
until the last moment. The bond
matter has been legally commenced
and it behooves the people of Berke-
ley to be alert and see that the bonds
are carried.
